Pharmacist Deb

Mt. Pleasant team February 2011

Schuld team February 2011

Me with two special girls from the MTM Children's Home.

Bonjou zanmi m yo. (Hello my friends)

Greetings from Mountain Top Ministries' office! Things here are busy, as usual, but that is awesome, as it means God is providing as He has promised! I have been working with a local accountant to change some of our procedures so I can be prepared for our annual board meeting! Correspondence from our students was sent recently. The high school students wrote in English for the first time. We now have a full time English /computer teacher at the Gramothe high school. It was so cool to be able to communicate with some of the students while I was there in February. Britney is doing a marvelous job teaching English.

I was part of a medical team in February. My job was: the Pharmacist. I filled over 600 prescriptions in 4 days. We had a great team with Doctors Marcia & Glenn, 2 nurses and several others. Our team was also blessed to witness a group of young men & women being baptized. Pastor Aaron Wheaton had the honor of baptizing!

I was specially blessed by some very generous friends to be able to stay an extra week to join Dr. Mark's medical team from Terre Haute! I really enjoyed meeting new people and seeing how another doctor operates the clinic. It was a great group of people who made me feel like part of their team. I worked in the pharmacy again meeting a special lady, Fran, who joined me in filling prescriptions. At the end of the week a group of us hiked up the mountain to see the waterfall which is the source of healthy water for the village. It was a privilege to see this life-giving, life-changing natural resource that has been such a blessing for the people of Gramothe. I took some class pictures and I also got to help out in Britney's computer class briefly and I really enjoyed that.

The Terre Haute Triathlon was held this month and I was at the dinner to represent MTM and heard the amazing testimony of Jamie Whitmore, a world-champion triathlete and also heard and met Nick Waninger, a professional triathlete. Then the following day I got to see a Triathlon for the first time. MTM was blessed when Nick waved his speaker fees and sponsored a student for two years!
